

# CRP + ONCOLOGY NURSING

Alliance Spring Group Meeting  
Loews Chicago O'Hare Hotel | Cassatt C/D Rooms  
Thursday, May 10, 2018 | 5 pm - 7 pm

The **CRP/Oncology Nursing Roundtables and Reception** will offer an interactive session where CRPs and oncology nurses can speak directly with staff or members from CTSU, the Alliance Statistics and Data Center, BioMS, CIRB, NCORP and Alliance Audit Committee at topic-specific tables. Other tables will feature topics on oncology nursing, CRP best practices, RCR and DTL implementation, regulatory issues and CTEP-AER submissions.

This session will be ideal to ask questions, get ideas and share thoughts among colleagues and other sites.
