### ANNOUNCEMENTS

#### ALLIANCE ANNOUNCES INTERIM GROUP STATISTICIAN

Sumithra Mandrekar, PhD, has agreed to serve as Interim Group Statistician while the search for a new leader of the Alliance Statistics and Data Management Program begins. Dr. Mandrekar is a Professor of Biostatistics and Professor of Oncology at the Mayo Clinic. She comes to the role with outstanding experience in National Clinical Trials Network (NCTN) research, having served as the Group Statistician of the North Central Cancer Treatment Group from 2010-2013, and Founding Director of Statistics

The Member Services Enhancement Task Force is thrilled to announce a new and exciting internal blog for our members. The Alliance Institutional Best Practices Blog will house content relevant to myriad topics for discussion under the umbrella of best practices. All members are invited and encouraged to contribute their insights through individual comments and photos in order to share the amazing and effective work that is being done within our Alliance community. This space will be a great resource for all members to connect with one another and share best practices.
